

OFYR[®]

transforming the art of outdoor cooking

Bring beauty, warmth, food and friendship to your next outdoor event

More stylish than a typical barbecue, OFYR (pronounced oh-fire) is functional artwork designed to bring beauty, warmth, food and friendship to your outdoor space.

Unlike a gas or charcoal BBQ, wood is fired in the centre cone, giving off a wonderful heat. No heat is lost in the process but is directly passed to the baking tray where you can enjoy grilling your favourite items.

OFYR is loved not only for its stylish looks but the welcoming circle of warmth that is created every time it is used. A circle perfect for social gatherings, kindness and for friends, any time of the year.
